DBS Applications' supporting documents

All DBS Applications, which are required for all coaches and volunteers (and staff) that work with children* at Nailsea & Backwell RFC, must be processed by a Nailsea & Backwell RFC Safeguarding Officer.

Supporting documents must be presented to the Safeguarding Officer at the time of your application, which must be carried out face-to-face.

The purpose of the supporting documents is to confirm your identity, to enable an accurate background check to be performed by the RFU safeguarding team.

Supporting information typically comprises the following:

Passport (must be current and valid)

Driving Licence (must be current and valid)

Utility Bill or Bank Statement (must be less than 3 months old)

National Insurance Number

Original documents only can be accepted; therefore, please do not expect the Safeguarding Officer to accept copies or screenshots.
